Re: Notice of Violation 161486
CWS/I-20 Regional
NPDES Permit # SC0035564
Lexington County

Dear Mr. Gilroy:

A review of the file for the referenced facility has found CWS/I-20 Regional to be in violation of the reporting requirements of the NPDES Permit. Part I.C.1 of your current permit requires two (2) groundwater monitoring wells to be sampled on a quarterly basis (calendar quarters). Part I.E.3.b of your current permit requires your groundwater monitoring report form (GMR) to be "postmarked no later than the 28th day of the month following the completed reporting period." **The Department has not yet received a GMR for the January through March 2015 monitoring period.**

You are hereby notified that failure to comply with the reporting requirements of the NPDES Permit is a violation of the Pollution Control Act, S.C. Code Ann. 48-1-110(d) (Supp. 2014) and Water Pollution Control Permits, 3 S.C. Code Ann. Regs. 61-9.122.41(1) (4) (Supp. 2014). The violation makes CWS/I-20 Regional subject to further enforcement action, which may include assessment of civil penalties as set forth in the Pollution Control Act, S.C. Code Ann. 48-1-330 (2008).

You are requested to submit a written response within ten (10) days of receipt of this notice. Your response should include the referenced GMR, an explanation for the violation cited above, and measures that have been or will be taken to ensure compliance with permit conditions in the future. This response, however, will not relieve CWS/I-20 Regional of responsibility for the violation cited.

If you have any questions concerning this notice, you may call me at 803-898-4262. I will be glad to assist you.

Sincerely,

Jaime C Teraoka
