

Drinking Water SRF Loans - 07/01/2015 to 06/30/16

	Sponsor & Project	DHEC (SRF) Project #	Service Population	Loan Closing Date	Construction Start	Total Project Cost	SRF Loan Amount	Amount of Loan Subsidy	Project Description
1	Clio, Town of Water Valves and Fire Hydrants Improvements	3410002-03	657	9/24/2015	8/19/2015	\$245,950		\$37,800	Locate/uncover and replace, as needed, 50 valves and replace 28 inoperable fire hydrants to allow for proper line flushing.
2	Clover, Town of Water Tanks Rehabilitation	4610006-01	5,287	9/21/2015	3/1/2016	\$151,200		\$151,200	Rehabilitation of the town's two elevated water storage tanks in order to maintain compliance with DHEC regulations.
3	Florence, City of Timmonsville Water System Improvements	2110005-01	38,000	9/16/2015	7/1/2015	\$1,000,000		\$1,000,000	Improvements to the Timmonsville water distribution system to address pressure problems and system operation - includes the addition of 2 booster pump stations, upgrades for 3 elevated storage tanks, installation of SCADA monitoring at multiple sites and replacement of 1000 meters with AMR meters.
4	Goose Creek, City of Water System Improvements	0810004-01	38,000	5/20/2016	7/5/2016	\$8,031,032	\$8,031,032		Construct a 1.0 MG elevated storage tank and install transmission main and distribution piping to bring the water storage system up to DHEC minimum standards and to address water quality issues.
5	Greeleyville, Town of Greeleyville Water Improvements - 2014	4510001-01	855	9/21/2015	6/1/2016	\$530,520		\$530,520	Install transmission lines and lateral water lines to provide water connections to residents on private wells that are susceptible to contamination due to failing onsite wastewater systems and high water table.
6	Greenwood CPW Harless-Seymour (Franklin S/D) Water System Replacement	2410001-08	62	9/15/2015	10/9/2015	\$529,163		\$529,163	Installation of ~3,300 LF of 12 inch water main, ~2,800 LF of 6 inch water main, fire hydrants and related appurtenances. The project will replace the Harless-Seymour Water System and allow Greenwood CPW to take over operations of the currently non-viable system.
7	GSWSA Bull Creek/ Myrtle Beach Water System Interconnection Phase 2	2620004-22	235,000	2/4/2016	3/4/2016	\$5,930,496	\$5,930,496		Construction of pumping station and 8,400 LF of 36" pipeline to interconnect the Myrtle Beach water system and the Bull Creek water system.
8	GSWSA MBSWTP Ozone system Improvements	2610001-02	105,000	4/27/2016	6/1/2016	\$3,354,144	\$3,354,144		Ozone system modifications and improvements at the Myrtle Beach Surface Water Treatment Plant to convert from an air-fed system to a liquid oxygen-feed system.
9	Hilda, Town of Liquid Chlorine, Emergency Generators, Tank Sanitation, Loop of Water Lines	0610004-01	447	9/15/2015	9/28/2015	\$549,368		\$549,368	Install liquid chlorine injection system on well 1&2, install emergency generators on Well 1&2, clean/ paint elevated storage tank as needed, and loop water lines as needed.
10	Mitford Rural Water District of Fairfield and Chester Counties Water System Upgrade: New 500,000 Gallon Elevated Water Storage Tank	2020005-01	3,280	9/11/2015	9/28/2015	\$1,992,635		\$901,990	Installation of new 500,000 gallon elevated water tank to replace aging undersized tank and improve system pressures.
11	Pamplico, Town of Shirley Road Water Line	2110010-04	1,226	8/19/2015	10/12/2015	\$196,104		\$193,371	Construction of ~12,000 LF of 6" water line to loop the system to improve pressures. Project will also extend water service to 18 residences served by shallow wells susceptible to contamination.

Clean Water SRF Loans - 07/01/2015 to 06/30/16

	Sponsor & Project	DHEC (SRF) Project #	Service Population Affected by Project	Loan Closing Date	Construction Start	Total Project Cost	SRF Loan Amount	Amount of Loan Subsidy	PROJECT DESCRIPTION
1	Darlington, City of Bypass Sewer for Hartsville Oil Mill	500-03	6,289	05/20/16	7/5/2016	\$886,215	\$364,395		Construction of 2 sewer lift stations and ~ 10,500 linear feet of PVC force main (6" & 8") and 200 linear foot of gravity sewer to allow an industrial discharge to be pumped to City of Florence WWTP.
2	Dillon, Town of Highway 301 Force Main Relocation	424-07	10,600	12/16/2015	1/4/2016	\$422,571	\$422,571		Install ~2,350 LF of 14" force main due to the existing force main being in conflict with a SCDOT bridge relocation project.
3	Florence, City of Timmonsville Sewer System Improvements Phase 2	378-24	2,300	6/23/2016		\$1,000,000		\$1,000,000	Continue collection system rehabilitation to assist takeover of the Timmonsville system and complete WWTP rehabilitation/upgrade to include lagoon liner replacements, disposal of WWTP primary lagoon solids, rebuild influent pumps, headworks improvements and SCADA improvements.
4	James Island PSD Pump Station 11 Ph 2 - Force Main Upgrade/Replacement & Utility Relocate for Charleston County Roadwise Intersection Improvement Project	543-13	22,000	6/28/2016	4/18/2016	\$2,527,659	\$2,527,659		Installation of new 24" HDPE force main to replace 2 aging and rupture prone 14" DIP and PVC force mains. Relocation and protection of existing facilities as part of the Charleston County Folly Road and Camp Road Intersection Improvement Project.
5	Lancaster, City of Erwin Farms Sewer Basin Rehabilitation	497-18	731	6/15/2016		\$1,000,000		\$1,000,000	Sewer rehab of ~50,000 LF of gravity sewer through CIPP lining, point repair, sewer line enhancements, manhole lining and service lateral lining.
6	Laurens County WSC North Creek Lift Station Rehabilitation	540-11	5,000	11/5/2015	8/6/2015	\$569,400		\$219,400	Replace existing pumps, valves, and interior piping of lift station. Replace pump motor and level controls. Add standby power generator. Rehab existing concrete wetwell and drywell.
7	Lyman, Town of Lyman WWTP Upgrade- phase 1A	462-07	8,389	3/28/2016	9/30/2016	\$50,000		\$50,000	Rehabilitate/repair or replace 15" gravity sewer influent line to the WWTP.
8	Pickens County Pickens County Septage Receiving Center	592-19	50,000	9/24/2015	10/12/2015	\$951,316		\$951,316	Upgrade of septage receiving station to reduce the potential for negative impacts on the 18-Upper Regional WWTF.
9	Re-Wa FY15/FY16 Gravity Sewer & Manhole Rehabilitation	370-67	60,000	3/25/2016	7/11/2015	\$5,252,270	\$5,252,270		Sewer rehabilitation in the system's Pelham WRRF Basin consisting of lining sewers and manholes and limited point repairs.
10	RE-Wa Richland Creek Trunk Sewer Improvement	370-66	13,000	3/25/2016	6/3/2016	\$14,057,387	\$14,057,387		Install ~13,000 LF of new sewer line along Richland Creek to replace an undersized trunk sewer. The project will add capacity to prevent sanitary sewer overflows and provide capacity for future growth.
11	Taylor's Fire and Sewer District Mill Village Sewer Improvements	702-05	478	4/15/2016		\$1,975,316	\$1,975,316		Replace aging sewer collection system with a high potential of failure by installing ~5,930 linear feet of new sewer line and replacing an aerial crossing over the Enoree River
12	Tega Cay, City of Sewer System Rehabilitation	731-01	4,740	12/17/2015	1/4/2016	\$6,757,377	\$6,757,377		Rehabilitation of collection system components to include ~40,600 LF of gravity sewer line, 374 manholes, and 11 lift stations. Also, interconnect 3 WWTPs one of which will be reactivated and upgraded and the other 2 rehabilitated.
