RE: Air Quality Registration Permit for Fuel Combustion Operations

Dear Mr. Jones:

Enclosed with this letter is a copy of the Air Quality Registration Permit for Fuel Combustion Operations issued on August 1, 2011. Please note the conditions, emissions limitations, and operational requirements contained within this permit. This permit will be valid through July 31, 2021 and supersedes any previous construction and/or operating permits that were issued to your facility. Your facility's coverage under the terms and conditions of this permit shall be effective on March 12, 2013.

It is important for you and/or an authorized representative responsible for the overall operation of this facility to read this issued permit carefully and to understand all requirements. If any errors or omissions are discovered, please notify Charles Beam of my staff, via e-mail at beamcp@dhec.sc.gov, or call (803) 898-9524 immediately.

Pursuant to the South Carolina Administrative Procedures Act, any Department decision involving the issuance, denial, suspension, or revocation of a permit or certification may be appealed by the applicant, permittee, licensee, or affected person. Please see the enclosed "Notice of Appeal Procedure" for guidelines on filing an appeal.

Sincerely,

Elizabeth J. Basil
Director, Engineering Services Division
Bureau of Air Quality
