## ADOPTION

One of the options or choices that is available to you and the baby's father is to place your child up for adoption. Adoption is the legal process by which permanent custody of a child is transferred from birth parents to adoptive parents.

The Division of Adoption Services at DSS or other licensed adoption agencies can help you. For more information, call the DSS state office at (803) 898-7318 or 1-888-CARE-4-US (227-3487) or check the services listed for your county of residence in this directory. At licensed adoption agencies, you will receive helpful, supportive services. You will be counseled about what is best for you, your baby and your family. You may have a part in the adoptive parent/family selection process. The final decision about adoption is yours to make, and the information you share with an agency is confidential.

At the DSS Division of Adoption Services, counseling services are free and may include the baby's father. You may receive help with hospital expenses and maternity home fees. Your questions will be answered.

## **CHILD SUPPORT IN SOUTH CAROLINA**

Problems about property, custody and visitation cannot be handled by the CSED.

**Who Can Get Help?** Anyone who has custody of a child and who needs help in getting support payments may apply for services. Non-custodial parents may apply to have paternity established or to have their support order reviewed.

**What is the Application Process?** Persons applying for or receiving help under the Temporary Aid for Needy Families (TANF) program automatically receive child support enforcement services. Those not receiving TANF must complete an application form (there is a \$25.00 fee). Applications are available at county DSS offices, and the county clerk court offices. You may also call CSED at (803) 898-9210 or 1-800-768-5858.
