RE: Focused Feasibility Study Revision 1  
CSXT Bramlett Road Site  
Greenville, South Carolina

Dear Mr. Powell:

The State Voluntary Cleanup Program has reviewed and approved the Focused Feasibility Study Revision 1 received by the Department on October 11, 2023. The responses to the comments generated on the original Focused Feasibility Study address issues identified by the Department and those have been incorporated in the revised document.

The Department will move forward with developing a Proposed Plan for the site. The Department is evaluating all of the remedial alternatives and will present a preferred alternative within the Proposed Plan. Once the Proposed Plan is finished, the Department will look at having a public meeting followed by a sufficient time to accept any comments from the stakeholders and the community.

If you have any questions, please contact me at (803) 898-0910 or by email at [cassidga@dhec.sc.gov](mailto:cassidga@dhec.sc.gov).

Sincerely,

Greg Cassidy  
State Voluntary Cleanup Section  
Div. of Site Assessment, Remediation & Revitalization  
Bureau of Land and Waste Management
