Ms. Diana P. Joyner Principal Environmental Engineer Westinghouse Electric Company LLC Nuclear Fuel Columbia Fuel Fabrication Facility 5801 Bluff Road Hopkins, SC 29061

Re: Westinghouse Electric/Columbia Plant

Phase II Remedial Investigation Work Plan Addendum dated October 29, 2020

Richland County

Consent Agreement CA-19-02-HW

File # 51377

Dear Ms. Joyner:

The South Carolina Department of Health and Environmental Control (Department) has reviewed and approves the Phase II Remedial Investigation Work Plan Addendum. The Department noted that a VibraCore sampler will also be used to collect the sediment samples. The Department concurs with Westinghouse that the TAL metals and SVOCs be removed from all multi-media analyses moving forward. Westinghouse and the Department will conduct a meeting on January 7, 2021 to discuss the data that was collected and monitoring wells placement. If you have any questions, please contact me at kuhnkm@dhec.sc.gov or (80) 898-0722.

Sincerely,

Kimberly M. Kuhn, Project Manager State Voluntary Cleanup Section

Division of Site Assessment, Remediation and Revitalization
