South Carolina Dam Owner Workshop

November 9, 2018
Columbia, SC

Learn more at DamSafety.org/SCOwners18

The Association of State Dam Safety Officials (ASDSO), in conjunction with the SC Department of Health and Environmental Control, invites you to participate in a one-day Dam Safety Workshop for Owners and Operators on Friday, November 9, 2018 at 2600 Bull Street Columbia, SC 29201.

The workshop is designed to provide practical, straightforward information on topics of importance to anyone that owns or operates a dam. The purpose of this one-day workshop is to educate dam owners and operators.

The workshop will begin at 8:30 AM, and will end promptly at 4:30 PM. Lunch and refreshment breaks are included in the registration for only $20, however you must be pre-registered to attend. Information will be available throughout the day, and you will have the opportunity to meet and network with your state dam safety officials, well-known experts in the field of dam safety, and other dam owners like yourself.

ASDSO is a national, non-profit professional association of engineers and others who own, regulate, or work on dams. For more information about ASDSO, visit the web site at DamSafety.org or call (859) 550-2788.

Agenda:

8:00 am	Check in and breakfast
8:30 am	**Session 1:** Introduction to the Workshop
	Session 2: SC Dam Safety Laws and Regulations
	Break
	Session 3: Failure Modes
	Session 4: Operation and Maintenance
12:00 pm	Lunch
	Session 5: Emergency Action Plans
	Session 6: Public Safety, Security, and Dam Owner Liability
	Break
	Session 7: Repair Project Costs, Funding, and Hiring a Consultant
	Session 8: Wrap-up and Open Q & A
4:30 pm	Conclude workshop

Healthy People. Healthy Communities.

Instructors:

Randy Bass

Mr. Bass is a professional engineer and a graduate of Georgia Tech with a BCE (1972) and a MCE degree (1977). His career with dam engineering started in 1978 when he worked for seven years with the Georgia Safe Dams Program managing the Program from 1980 till 1985. He worked for Dames and Moore where he developed a construction unit which constructed the first two RCC gravity dams in Georgia. He then worked as the water resources engineer for the Portland Cement Association for six years prior to joining Schnabel Engineering in 2004. Randy is a principal with Schnabel in the Alpharetta Georgia office. He has been active with ASDSO serving on the Training Committee since its inception and for the last ten years on the Advisory Committee. Randy has presented two webinars and serves as an instructor on the Design of Reinforced Concrete Hydraulic Structures course. He has been an instructor on dam owner workshops in Georgia, Virginia, and Alabama.

Joe Monroe

Mr. Monroe is heavily involved in the design and construction of new dams, as well as the rehabilitation of existing dams. His depth of experience in design includes geotechnical explorations and engineering evaluations for both earthfill dams and concrete gravity dams, hydraulic and structural design of spillways, and preparation of bidding and construction documents. In addition to design related functions, he has also provided construction administration duties during the implementation of the design for which he had responsible charge. Mr. Monroe is also recognized as an Independent Consultant for performing FERC Part 12 inspections and has provided engineering services on numerous hydroelectric facilities.

Registration:

The South Carolina Dam Owners Workshop fee is $20 and must be returned by November 1, 2018. Attendees are encouraged to register early as space is limited. Please fill out the registration details below and return the completed form to ASDSO at info@damsafety.org or fax to (859) 550-2795. A confirmation email will be sent once your registration is processed.

If you prefer, convenient online registration is also available, please visit DamSafety.org/SCOwners18 for details. Simply visit DamSafety.org/SCOwner18 then click “Register Online” from the “In This Section” area in the upper right-hand corner. To register you will have to create an account (or login if you already have an account) and register.
